

Professional Advisors and the Community Foundation

A VALUED PARTNERSHIP

Professional advisors are key stakeholders helping the Community Foundation make philanthropy happen. More than 80% of our donors are referred to us by one or more of their professional advisors. One of our primary roles is to offer support and solutions that help professional advisors provide sterling service to their clients, linking those clients to effective charitable options.

Working with the Community Foundation can add an extra level of personal service for philanthropic clients to a professional advisor's practice. The Foundation can be a vital resource connecting your client's passions with great nonprofits. And we offer great professional learning opportunities like our acclaimed Philanthropic Advisor Leadership Institute (PALI).

Our team are experts in philanthropy. We work with professional advisors and their clients, helping donors to achieve their charitable goals, such as ways to give now and/or planned giving options. For donors, we make philanthropy easy and flexible, providing personalized services and access to our deep knowledge of the 23-county metro Atlanta region. This includes identifying critical issues affecting our region and high performing nonprofit organizations addressing those issues.

How to begin a client discussion on charitable planning

Professional advisors often ask us for our advice on how to begin a discussion about charitable giving with their clients.

We suggest asking every client the following threshold questions:

- ♦ Are there charitable organizations that you support on an annual basis?
- ♦ Would you like to include any of these organizations in your financial or estate plan?
- ♦ If there were a way to shift dollars from taxes to charity, would you be interested in exploring the options?

If the answer to any of these questions is “yes,” then you have opened the door to a deeper conversation that can lead to more meaningful planning and a stronger client relationship.

Some follow-up questions to consider are:

- ♦ What are the issues, causes and charities that you feel passionate about? Why?
- ♦ How would you prioritize them? Why?
- ♦ Which of your past charitable gifts have given you the most satisfaction? The least? Why?
- ♦ Given your other commitments, how much time do you have to devote to charity?
- ♦ What level of recognition and visibility interests you?
- ♦ To what extent would you like to get your family involved in your giving?
- ♦ How much wealth do you want to leave to your children and grandchildren? If there is excess, would you consider designating it for charity?
- ♦ Would you prefer to give during your life or after your death?
- ♦ What values would you like to pass on to your descendants?
- ♦ How would you like to be remembered after you are gone? Would you like to leave a charitable legacy to perpetuate those memories?
