WHO ARE WE AND WHAT DO WE DO?

The Community Foundation for Greater Atlanta inspires and leads the Atlanta region toward equity and shared prosperity for *all* who call it home. Started in 1951, the Community Foundation is Georgia's second-largest foundation and is a top-20 community foundation by asset size among 800 nationally.

TogetherATL is the Foundation's strategic ethos, working through a collaborative approach with community stakeholders, donors, nonprofits and others to examine complex challenges the region faces and create solutions that build a thriving community.

PLACE-FOCUSED

The Community Foundation for Greater Atlanta works with and for our region. Our place-focused funds center community voice and work deeply in specific neighborhoods within the ATL to support the people who live there. Each of these communities is dramatically different and so each unique strategy – shaped in partnership with residents – is also different. Through this work, we help tackle the issues and opportunities that each neighborhood identifies, from food access and community building events to job creation and youth development.

SYSTEMS CHANGE

In order to affect long-lasting change, we need to transform the systems that underpin our region to impact a greater ATL for all. This includes system level change in housing, equity in the arts sector, growing power and leadership among communities of color and addressing racial income and wealth gaps in four areas:

- Arts, Culture and Creative Enterprises
- Housing and Neighborhoods
- Income and Wealth
- Power and Leadership
